

FEBRUARY 2019

The graceKIDS! Elementary Journal has moved to digital!

You can access the journal at discovergrace.com or on the Grace Church app. Just because we don't have a paper journal doesn't mean we can't collect stickers! You can collect all your stickers here!

We have been rescued from sin and changed forever by God's love. We can now show that love to others through acts of service. Think of someone in your neighborhood or community who you can bless this week with an act of service. Maybe you could do yard work, as a family, for an elderly neighbor or you could make dinner for someone who just had surgery. God's love can work through us; we just have to be willing

Do a fun science experiment with your child. Grab a dirty penny and some vinegar.

Show your child the dirty penny. Point out how dirty it is and ask your child if the penny can clean itself? Of course it can't! This is just like our sin. Our sin has made us tainted and there is nothing we can do to clean ourselves.

Then place the penny in a bowl of vinegar and watch as the dirt and grime is washed away. Explain that Jesus came and took away our sins by dying on the cross. God's love is bigger than our mess ups. NO matter hoe dirty we think we are or how big our mess is, God's love is always bigger!

Sometimes we get distracted in this life and think that our most important treasures are the things we have and the toys we play with. But we learned this week that our greatest treasure is Jesus! Pick a weekend morning to spend some time going through some of our toys and clothes and find items that we would want to give to another child who maybe has less than we do. We can show God's love to someone else by sharing with them the things we have been given.

You can donate gently used stuffed animals to your local fire station, which will be given to a child who loses everything in a fire. Or you can take your gently used toys and clothes to your nearest shelter or donation center.
